

**ALEX JOHNSON** Remote (North America) | [Phone Number] | [Email] | [LinkedIn]

**SUMMARY** Frontend Developer with 5 years of experience in React and JavaScript. Skilled at building web applications and working with cross-functional teams. Experienced in Next.js and styling frameworks like Tailwind.

## **EXPERIENCE**

**Frontend Developer | CloudHire Inc.** | *March 2021 – Present*

- Responsible for building new features for the recruiter portal using React and TypeScript.
- Integrated REST APIs to display candidate information and job application status on the main dashboard.
- Worked closely with designers to turn Figma mockups into functional React components.
- Fixed frontend bugs and improved CSS styling to ensure the site was responsive on mobile and desktop.
- Participated in daily scrum meetings and assisted in sprint planning sessions.

**Web Developer | GreenTree Systems** | *August 2018 – February 2021*

- Developed and maintained client-facing websites using JavaScript and HTML/CSS.
- Used React to build interactive forms and search filters for a large database of users.
- Improved site performance by optimizing images and cleaning up unused code.
- Helped the team move from JavaScript to TypeScript to improve code reliability.

## **TECHNICAL SKILLS**

- **Languages:** JavaScript (ES6+), TypeScript, HTML5, CSS3.
- **Frameworks:** React, Next.js, Express.
- **Tools:** Git, Jira, VS Code, NPM.
- **Styling:** Tailwind CSS, Bootstrap, Styled Components.

**EDUCATION B.A. in Information Technology** | University of Winnipeg
